

Before you install a rooftop carrier—you may need a roof rack.

A roof rack connects a rooftop carrier to your vehicle

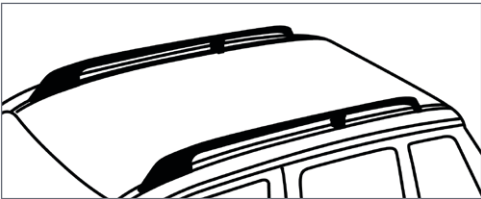

Vehicles without raised rails (bare roof)

We have **Thule** and **SportRack** options depending on the width of your roof.

Vehicles with raised rails

You may not need a roof rack. Some specialized carriers for cargo, bikes, kayaks and other sports gear are designed to fit cross bars as well as roof racks. We have **SportRack** options to fit raised rails.

Choosing a rack to fit a specific vehicle

To find the roof rack model made specifically for your vehicle, flip to the **Roof Rack Fit Guide** at the back of this book.

Buying a roof rack? Have us install it for you.
Visit the Auto Service Counter for a quote.

CANADA'S GARAGE™

Roof racks at a glance

Product number	Description	Find the roof rack that fits your vehicle	Load capacity	Lock included
040-3536	Thule SquareBar Evo with feet (Bare Roof), 135 cm	Step 1: Look through the Roof Rack Fit Guide or use the vehicle selector on canadiantire.ca Step 2: Find the make, model and year of your vehicle. Step 3: Find the reference number and Canadian Tire product number that matches your car. • If you can't find the roof rack you're looking for, ask a Sales Associate. • Installation information for your car should be in the packaging. If your car is not listed, visit sportrack.com for updated information. • If you need more information, call SportRack/Thule customer service at 1-800-561-0716	165 lbs	n/a
040-3537	Thule SquareBar Evo with feet (Bare Roof), 152 cm		165 lbs	n/a
040-1077	SportRack Complete Roof Rack System, Bare Roof		130 lbs	✓

Roof Rack System Fit Guide

Canadian Tire offers two options for Roof Racks – Thule and SportRack.

Your vehicle's year, make, and model will determine which brand and product number will fit. Use this guide or vehicle selector on canadiantire.ca to make the right choice.

Thule system on bare roof (no raised rails)

SportRack system on bare roof (no raised rails)

SportRack system mounted on raised rails of vehicle

THULE ROOF RACK SYSTEM

This two-purchase system is for vehicles with a bare roof (no raised rails or cross bars).

- 165-lb capacity accommodates most sports equipment or cargo

Step 1: roof rack bars

- Includes bars and feet
- Purchase in-aisle

Step 2: direct fit kit

- Includes clamps specific to vehicle year/make/model
- Purchase at Automotive Parts & Service counter

To find the roof rack bar and direct fit kit for your vehicle, use this Roof Rack Fit Guide – or use the vehicle selector on [canadiantire.ca](https://www.canadiantire.ca)

- If your vehicle is not listed, ask Sales Associate for **Special Order** options

**LIFETIME
WARRANTY**

SPORTRACK ROOF RACK SYSTEM

- SportRack Roof Rack Systems are the all-in-one, ready-to-go bar system that is easy to install
- Includes bars, hooks, feet, locks that are pre-assembled
- Models available for vehicles with no existing roof rack system or with raised factory side rails
- Adjustment tool included for quick and easy installation
- Up to 150 lbs (68 kg) load capacity for most sports equipment or cargo
- Adapter available for installation on 2- and 3-door vehicles
- If your vehicle is not listed, ask Sales Associate for Special Order options
