Please do not throw away any packing material until all parts are verified as present.

### INSTALLATION AND OPERATION

#### INSTRUCTIONS

1. Straighten the branches. Shape the branches by pointing them in a clockwise direction.
2. After shaping the wreath, step back and take an overall look. Shift branches to fill any gaps.
3. Open the lid of the battery box by releasing the locks. Insert four AA batteries\* into the compartment, making sure that the batteries are in the correct orientation. Close the lid and engage the locks.
4. Press the button on the battery box once for timer mode, twice to turn the lights constantly on, and a third time to turn the lights off or reset the timer. The built-in timer mode causes the lights to turn on and off in a cycle: on for 6 hours then off for 18 hours. The user should initially turn on the lights at a specific time of their choice, and then the lights will turn on every day at approximately the same time. The lights on this product can only twinkle, and there is no control for the twinkle mode.
5. Replace batteries when the lights become dim. Remove batteries from unit when it is not used.

\* Use 1.5 V AA batteries or equivalent. Batteries not included.

### TROUBLESHOOTING

If the lights do not work:

1. Ensure the batteries are new and are inserted correctly into the battery box.
