

3-in-1 Clock

59-0608-8

Installation Instructions

Installing the Battery

1. Remove battery cover.
2. Insert 1 AA battery (not included) into the battery compartment. Be sure to respect the polarity markings inside the battery compartment.
3. Set the correct time by turning the adjusting knob on the back of the clock.
4. Replace the battery cover.

Mounting the Clock

1. Select the desired location on a wall.
2. Use a screw (not included) that is the proper size to hold the clock. Depending on the material, it may be necessary to pre-drill a hole for the screw and/or use an anchor. Be sure to leave enough of the screw protruding from the wall to hang the clock.
3. Hang the clock on the protruding screw head. Verify that it is attached securely.

IMPORTANT

For best results, do not leave this clock outdoors in extreme temperatures, and do not place it in direct sunlight or near a heat source.
