

ABSOLUTE ZëRO™

RV Waterline Antifreeze

**NEVER
BURST™**
PROTECTION
SYSTEM

Absolute Zëro™ RV Waterline Antifreeze provides ultimate protection and care for the pipes and waterlines of motor homes and recreational vehicles. The *NeverBurst™ Protection System* prevents water system bursts in even the harshest winter weather - it is guaranteed to -100°F, specific for very low temperatures!

Absolute Zëro™ RV Waterline Antifreeze is specially designed with the following advantages:

- Prevents water system bursts
- Guaranteed to -100°F
- Inhibits rust and corrosion in metal pipes
- Lubricates waterlines, pipes and seals (when used as directed)
- Winterizes plastic or metal pipes (except acetate)
- Non-Toxic.

Also appropriate for use in vacation homes, cottages, swimming pools, boats and septic systems, **Absolute Zëro™** RV Waterline Antifreeze helps your customers to be ready for the Spring-time and enjoy their leisure RV activities!

Product Specification Chart

Product Number	Unit Size	Case Pack	UPC	SCC
85-364AZ	1 USG	4	056438908531	40056438908539

NOTE: Do not use in gasoline or diesel engines. DO NOT ADD WATER. Consult owner's manual for winterizing instructions for system. This product may get slushy at approximately -13°F but will provide burst protection down to -100°F.
