**Repeat steps A through D to install the other mounting strap.**

**Warning: To prevent possible tipping, it is suggested that the Mounting Straps be installed. For safety, secure the mounting straps to wood studs whenever possible.**

**Stainless Steel Maintenance:**

These parts have an fingerprint-resistant finish. Do not use traditional stainless steel cleaners on this unit. Lightly wipe off once a month with clean warm water and a soft cloth (preferably a microfibre cloth). This is the safest formula to prevent new stains from appearing over time and manage unwanted fingerprints or grease marks. Remember to always wipe in the direction of the surface grain (NEVER ACROSS) and always use a lint-free cloth. Once the surface is clean, thoroughly wipe dry with a soft, absorbent cloth.
