- Read each section carefully before starting. It is very important that each step is performed in the correct order. If these steps are not followed in sequence, assembly difficulties will occur.
- Make sure all parts are included. Most board parts are labelled or stamped on the raw edge.
- Work in a spacious area, preferably on a carpet, near the place the unit will be located.
- Do not use power tools to assemble your furniture. Power tools may strip or damage the parts.

HELPFUL HINTS

- Identify, sort and count the parts before beginning assembly.
- Compression dowels should be tapped in with a rubber mallet.
- Slides have a lip on the right side only.
- Back panels provide stability and support. Unit may collapse without the back panel installed.

These illustrations show how the cam fastening system works.

- Lisez chaque section attentivement avant de commencer. Il est très important que chaque étape soit effectuée dans le bon ordre. Si ces étapes ne sont pas suivies dans l'ordre, des difficultés d'assemblage se produiront.
- Assurez-vous que toutes les pièces sont présentes. La plupart des pièces de panneau sont étiquetées ou estampées sur le bord brut.
- Travaillez dans un espace spacieux, de préférence sur un tapis, près de l'endroit où l'appareil sera situé.
- N'utilisez pas d'outils électriques pour assembler votre meuble. Les outils électriques pourraient endommager les pièces.

CONSEILS UTILES

- Repérez, trie et comptez les pièces avant de commencer l'assemblage.
- Les goujons de compression doivent être insérés avec un maillet en caoutchouc.
- Les glissières ont une lèvre sur le côté droit uniquement.
- Les panneaux arrière assurent la stabilité et le soutien. L'appareil peut s'affaisser sans le panneau arrière installé.

Ces illustrations montrent comment le système de fixation à came fonctionne.
