Caring for your Item

Caution! Check all screws and nuts periodically for tightness, fastening them again as required.

Disassemble the gazebo in the reverse order of the assembly steps. Always disassemble the gazebo completely. A partially disassembled gazebo is not stable enough to resist wind and bad weather, and therefore can be damaged and/or cause damage.

To wash the fabric parts:	
Cleaning & Use & Care Instructions	Spread the fabric and use a soft-bristle brush to clean.
	Always use a natural soap. Never use detergent.
	Water should be cold to lukewarm, not more than 25°C (77°F).
	Air dry only.
	Do not spin in washing machine or hand squeeze.
	Do not use bleach, acid, or other abrasive cleaners on the canopies or frame parts.
	Remove all excess snow from the roof.
