CARING FOR YOUR ITEM

CAUTION! CHECK ALL SCREWS AND NUTS PERIODICALLY FOR TIGHTNESS, FASTENING THEM AGAIN AS REQUIRED.

Cleaning & Use & Care Instructions

Always keep children under close supervision while they are using or around this product. Never leave children unattended.

This product is intended for outdoor use only.

Do not light any fires below or near the product.

Clean the gazebo with mild soap and water. Rinse thoroughly and wait until the product is dry before reassembling it.

Check all nuts and bolts periodically for tightness. When required, tighten them again.

Disassemble the gazebo in the reverse order of the assembly steps. Always disassemble the gazebo completely. A partially disassembled gazebo is not stable enough to resist wind and bad weather, and therefore can be damaged and/or cause damage.

Remove all excess snow from the roof.

Do not shake, lean or climb on gazebo.

Clean and dry before storing in a dry, sheltered area. Do not use bleach, acid, or other abrasive cleaners on the canopies or frame parts.

Steel components for this gazebo are treated with rust inhibiting paint to prevent and limit rusting. However, due to the nature of steel, surface oxidation (rusting) will occur if these protective coatings are scratched. This is not a defect and thus not covered by the warranty. To minimize this condition, it is recommended to use care when assembling and handling the product to prevent scratching of the paint. Should any scratching or damage occur, it is recommended to cover the scratch immediately with rust inhibiting paint (not included). Surface rust can also be easily removed with a very light application of regular cooking oil. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping onto deck or patio and cause damaging stains, which may be difficult to remove. This can be prevented if the above-mentioned measures are taken to keep the product from oxidizing.

Keep instruction manual for future reference.

Keep the original packaging to store the gazebo.
