FEATURES & BENEFITS

Includes installation hardware

PRODUCT DETAILS

This cover plate is designed for GMC and Chevrolet truck beds when installing a CURT 7-way connector. The plate is designed to slide into the existing factory opening for 7-way wiring, installing in seconds. With a CURT 7-way wiring harness installed, the plate helps cover unsightly gaps in the opening, maintaining a clean, original equipment look in the truck bed.

This cover plate has slotted holes to fit any CURT 7-way socket, and it is compatible with spray-in bed liners. It includes the cover and four mounting screws for the 7-way socket (sold separately).
