

**START  
PLAYING!**

Move your body to match your bands to the colored spots on your screen! You can go head-to-head against a friend, play in teams, or play by yourself. Follow the instructions in the Twister Air app and get the party started!

## TIPS & TROUBLESHOOTING

### Bands not tracking?

- Ensure the room you're playing in is well and evenly lit. Tracking works best when there aren't any really bright or dark areas in the play space.
- If there's a bright light or open window behind you, that can make tracking harder too.
- Make sure you are wearing your bands over your clothes, and avoid loose-fitting clothing.
- Make sure the bands don't blend in with your clothes, or with the background.

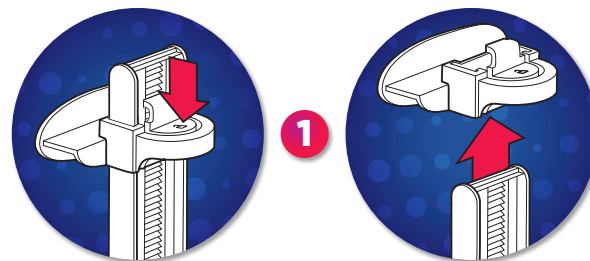

### App can't detect players?

- Try to keep your face (especially your eyes) and hands visible while playing.
- Avoid wearing clothing that is densely patterned or blends in with the background.
- Make sure there's nobody else in frame except the players.

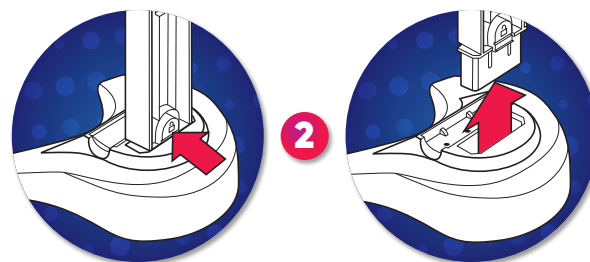

## SCREEN CONNECTION

Bigger screen, bigger fun: display Twister Air on your TV! Connect or cast your device to your TV as you typically would. Ability to display Twister Air on your TV is subject to connection capabilities.

## TAKE APART THE DEVICE STAND

Press the release lever on the back of the device stand clip, then slide the clip up and off the device stand post.

Push the release lever at the base of the device stand post and lift up to remove the device stand post from the base.

# Twister<sup>®</sup> AIR

## CONTENTS

4 Twister<sup>®</sup> Air Wrist Bands, 4 Twister<sup>®</sup> Air Ankle Bands,  
Device Stand with clip, base, and post

## OBJECT

Match the bands to the spots you see on screen! Play solo or face off as you reach, clap, and strike crazy poses to win!

## WHAT WILL THESE RULES TELL ME?

These rules will tell you how to download the free Twister Air app, set up your smart device in the device stand, and wear the bands. Once you're in the app, follow its instructions to learn how to play!

That's right! Twister Air takes the party off the mat and onto your smart device. Just download the Twister Air app, set up your device in the stand, and put the bands on your wrists and ankles: then you're ready to play!

### DOWNLOAD THE APP

This game requires the Twister Air app to play.

It works best on a tablet but can be played on a mobile device. You can also connect to a bigger screen (see SCREEN CONNECTION).

Parents: search "Twister Air" in your device's app store or scan the QR code below.

See [apps.hasbro.com](https://apps.hasbro.com) for details\*

Free to download—data rates and in-app purchases may apply.

Apple, the Apple logo, iPhone, and iPad are trademarks of Apple Inc., registered in the U.S. and other countries. App Store is a service mark of Apple Inc.

Android, Google Play, and the Google Play logo are trademarks of Google, LLC.

\*Check [apps.hasbro.com](https://apps.hasbro.com) for app availability, compatibility, and update dates.

Loosen up! Stretch up high, down low, then stick out your elbows & make a face! You don't get any bonus points for that, but wasn't it fun?

### GET READY TO PLAY

#### PUT ON THE BANDS

The Twister Air app uses color recognition and tracking technology, so it's important to wear the bands correctly. Here's how!

Each player wears two ankle bands and two wrist bands, **which should be worn over your clothes.** It doesn't matter what color combination you choose, as long as the wrist bands go on your wrists and the ankle bands go on your ankles!

WRIST BANDS

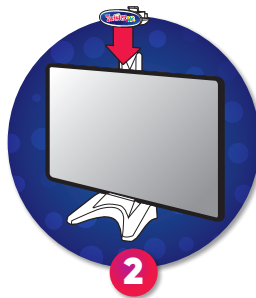

ANKLE BANDS

Don't forget to take off your shoes!

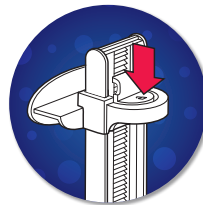

1 Snap the device stand post into the base as shown.

2 Place your device in the device stand horizontally and slide the clip down until your device is secured.

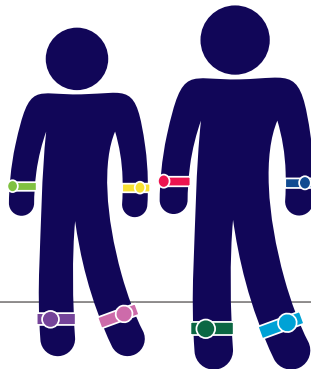

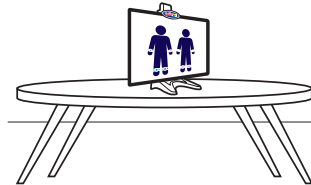

3 Set the device stand, with your device secured, on a stable surface high enough so that each player's full body, standing side by side, is in view of your device's camera.

To remove your device from the stand, press the release lever on the back of the clip and slide the clip up.

#### MAKE ROOM TO PARTY

1. Move anything that might get in the way. Make sure there's free space around you before you get moving, grooving, and tied up in knots!
2. Make sure there isn't anything between you and your device while you play, and that there are no other people in frame.

#### CALIBRATE YOUR BANDS

Follow the steps in the Twister Air app to calibrate your bands.
