CANVAS

INSPIRED BY CANADA

We believe in the power of décor and its ability to make up the fabric of your home.

That's why **CANVAS**[®] collections draw inspiration from Canadians and the way they live.

From on-trend furniture pieces to holiday décor and all your outdoor living essentials, CANVAS® makes it easy to refresh your space to reflect your unique style and the way you live every day.

We would love to hear from you and welcome your thoughtful feedback. Visit our website at **canadiantire.ca** to tell us about your experience, and share your photos with us using **#myCANVASstyle**.

Show us how you bring **CANVAS®** products to life. We can't wait to see!

Caring for Your Item	27
Warranty	27

WARNING! TO REDUCE THE RISK OF SERIOUS INJURY, READ THE FOLLOWING SAFETY INSTRUCTIONS BEFORE ASSEMBLING AND USING THE PRODUCT.

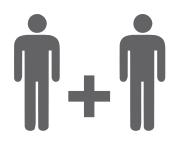

- Please read and understand this entire manual before attempting to assemble, operate, or install the product.
- Follow all warning labels.
- Any assembly or maintenance of the product must be carried out by adults only.
- Some parts may contain sharp edges. Wear protective gloves if necessary.
- To prevent damage, place all parts on a level surface during assembly. Add a layer of protective surface if needed.
- Due to the nature of steel, surface oxidation (rusting) will occur if the protective coating is scratched. This is a natural process. To minimize this condition, it is recommended that care be taken when assembling and handling the product in order to prevent the paint from being scratched.

MAKE SURE ALL PARTS ARE PRESENT

Compare all pieces to the parts and hardware lists, and make sure you have all tools required for assembly.

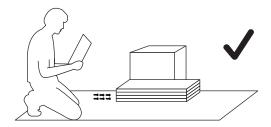

ASSEMBLE IN A CLEARED AREA

Place all parts from the box on the floor in front of you on a clean, dry, level surface to protect the product as it is being built.

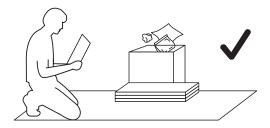

REMOVE PACKAGING MATERIALS

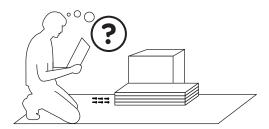

Place packing materials back in the box. Do not dispose of packaging materials until assembly is complete.

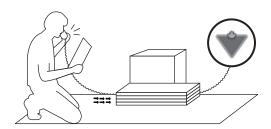

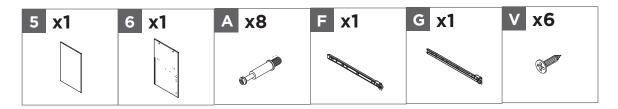

READ EACH STEP CAREFULLY

Make sure you understand each step. If you have any questions, contact CANVAS® customer service at 1-888-670-6684 (toll free).

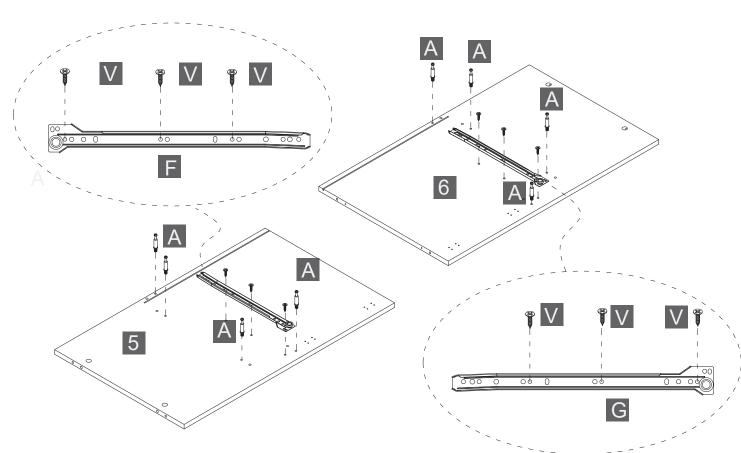

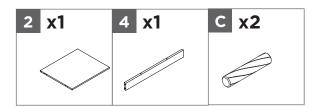

STEP 1

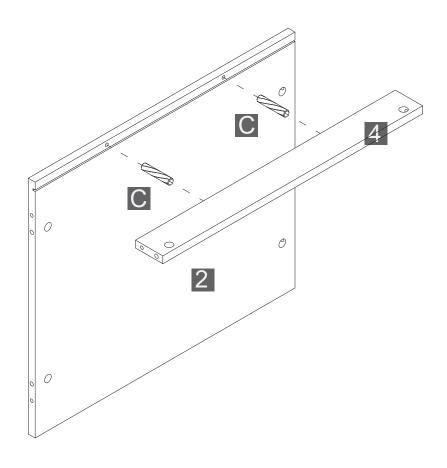

Insert eight cam bolts A into the left side 5 and right side 6. Insert three screws **V** through the left extension rail **F** into the left side **5**. Insert three screws V through the right extension rail G into the right side 6. Tighten all screws.

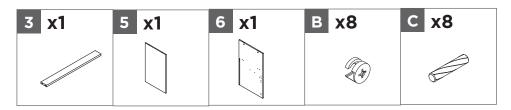

STEP 2

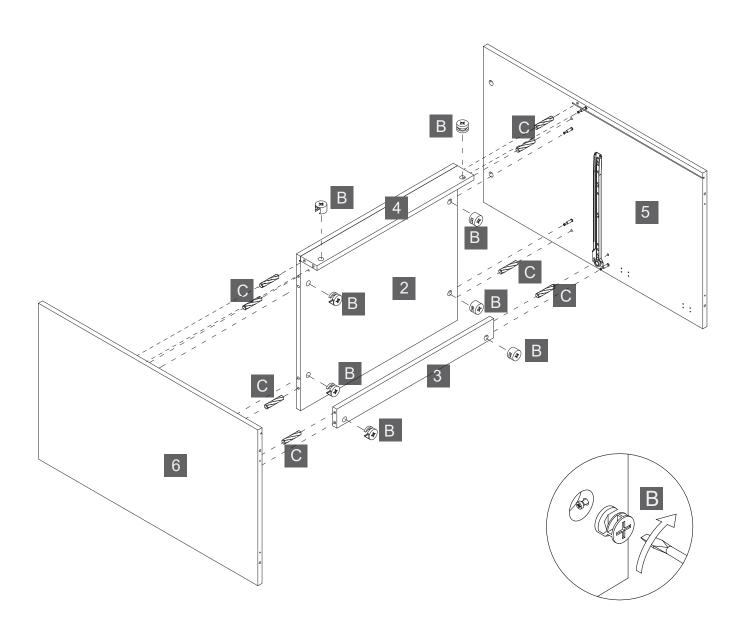

Insert two wood dowels C into the shelf 2. Attach the rail 4 onto the shelf 2.

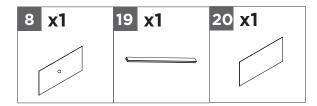

STEP 3

Insert eight wood dowels C into the shelf 2, rail 4 and drawer support 3. Attach the left side 5 and right side 6 to the shelf 2, rail 4 and drawer support 3. Insert eight cam locks B into the shelf 2, rail 4 and drawer support 3. Tighten all cam locks.

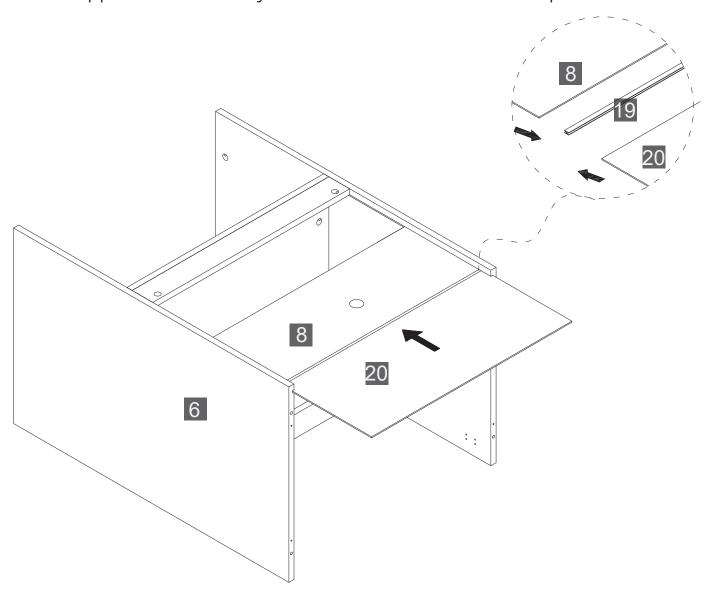

STEP 4

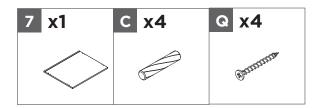

Insert the upper back 8, H-shaped strip 19 and lower back 20 to the groove between the left side 5 and right side 6 as shown.

Make equal margins along all four edges of the backs.

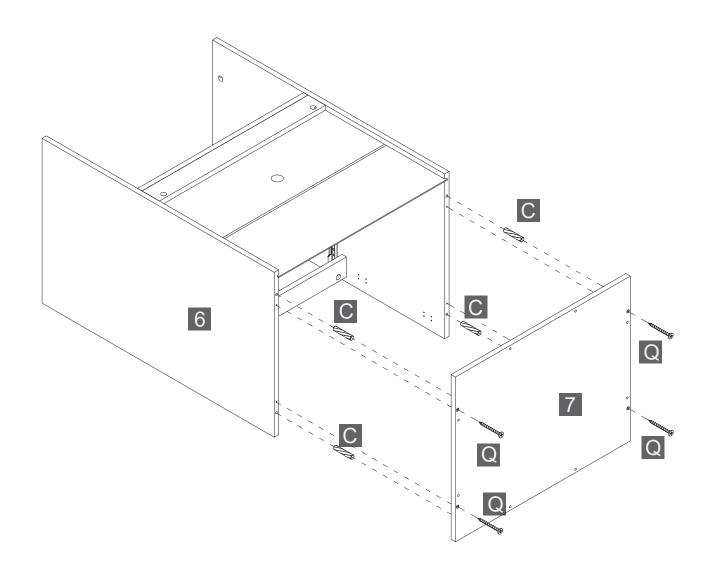

Push on opposite corners of your unit if needed to make it "square".

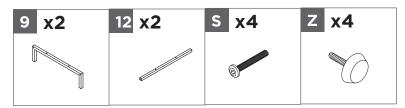

STEP 5

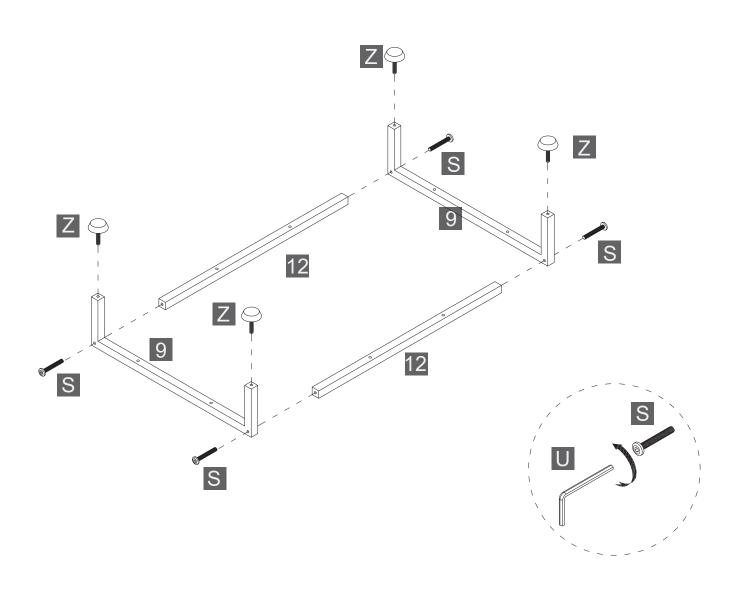

Insert four wood dowels **C** into the left side **5** and right side **6**. Insert four screws **Q** through the bottom **7** into the left side **5** and right side **6**. Tighten all screws.

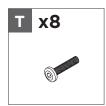

STEP 6

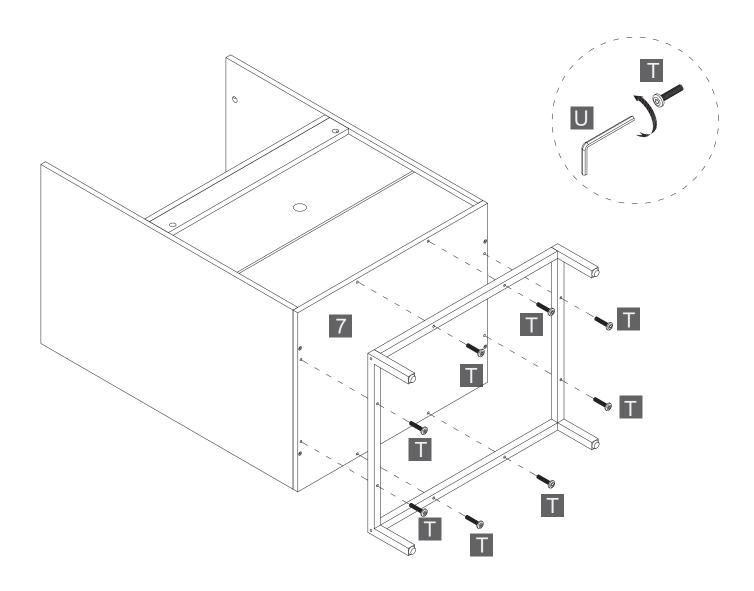

Insert four hex screws **S** through the legs **9** into the connections **12**. Screw four adjustable feet ${\bf Z}$ into the legs ${\bf 9}$. Tighten all screws.

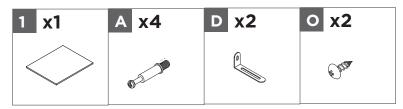

STEP 7

Insert eight hex screws **T** through the legs **9** and connections **12** to the bottom **7**. Tighten all screws.

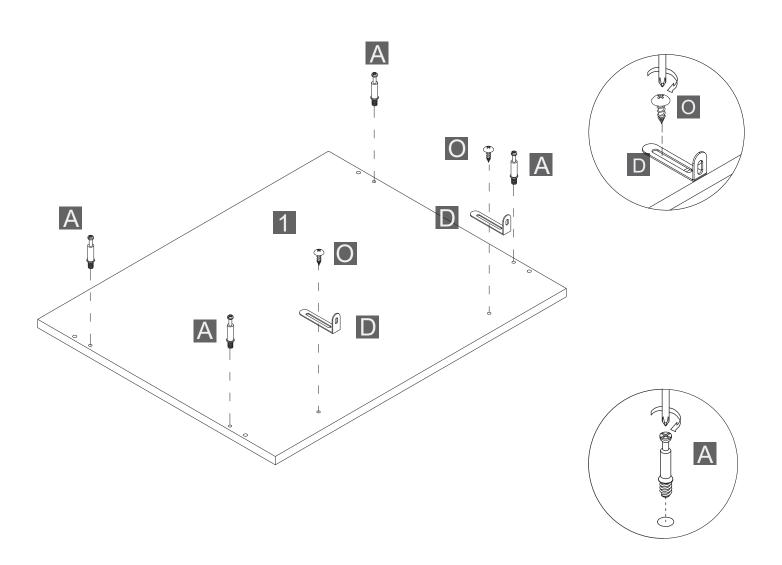

STEP 8

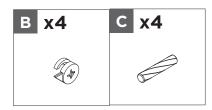

Insert four cam bolts ${\bf A}$ into the top ${\bf 1}$.

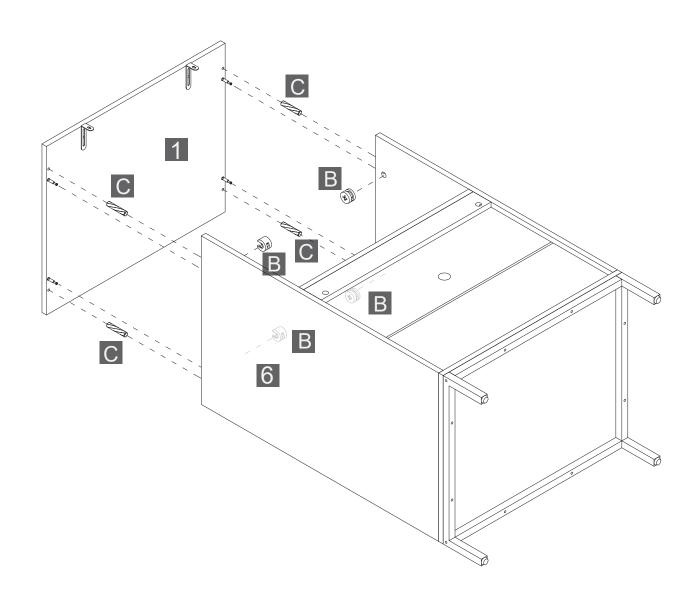

Insert two screws **O** through the anti-tip brackets **D** into the top **1**. Tighten all cam bolts and screws.

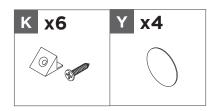

STEP 9

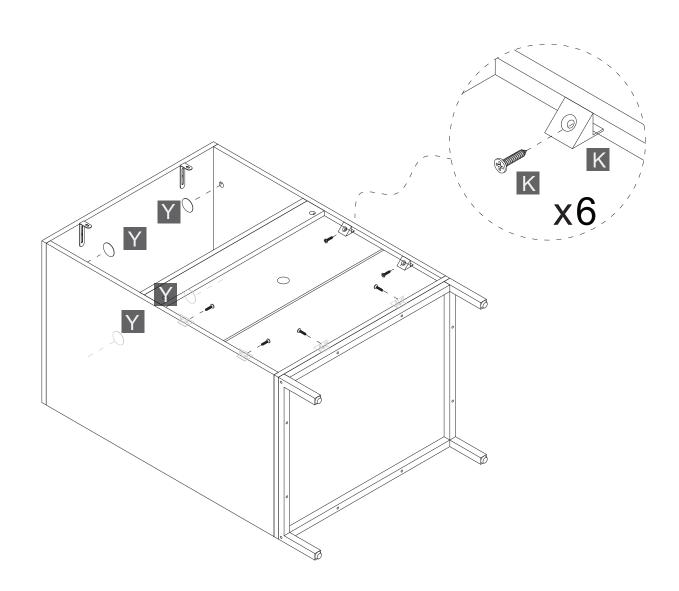

Insert four wood dowels **C** into the left side **5** and right side **6**. Attach the top 1 to the left side 5 and right side 6. Insert four cam locks **B** into the left side **5** and right side **6**. Tighten all cam locks.

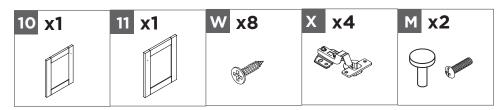

STEP 10

Place four coated paper stickers **Y** over the cam lock holes. Insert six screws ${\bf K}$ through the backboard lockers ${\bf K}$ into the groove as shown. Tighten all screws.

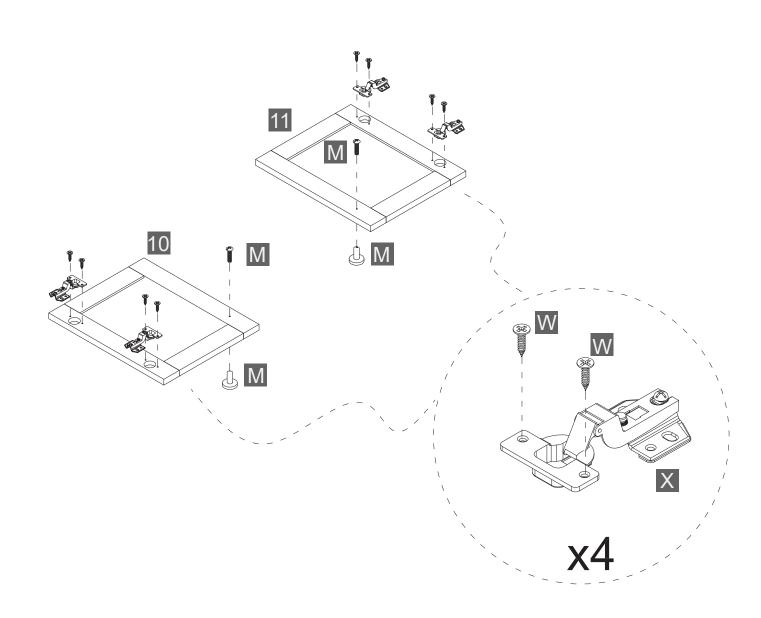

STEP 11

Insert eight screws ${\bf W}$ through the hinge ${\bf X}$ into the left door ${\bf 10}$ and right door ${\bf 11}$. Insert two screws **M** through the left door **10** and right door **11** into the door handle **M**.

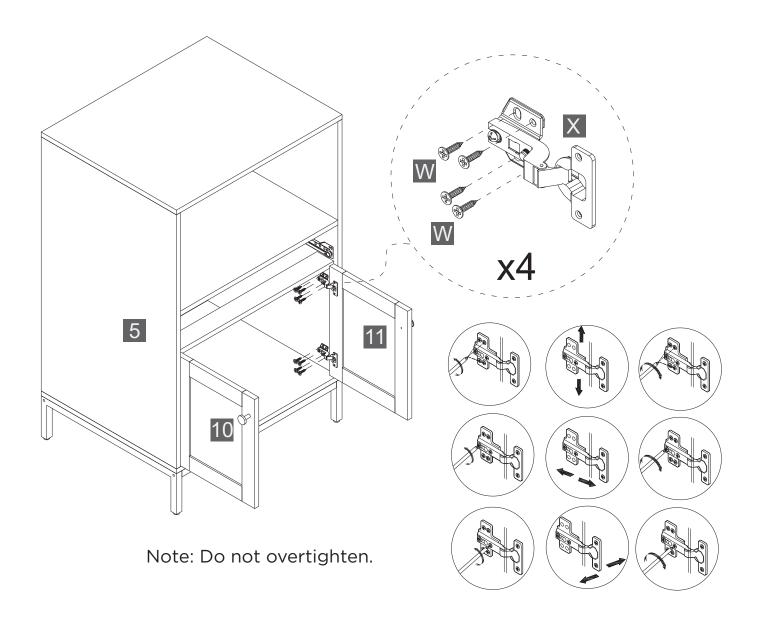

Tighten all screws.

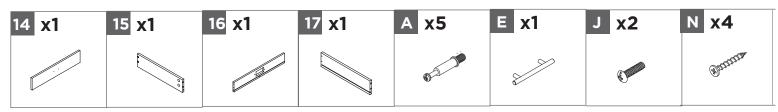

STEP 12

Fasten the hinges to the left side 5 and right side 6. Insert sixteen screws W through the hinges X into the left side 5 and right side 6. Tighten all screws.

STEP 13

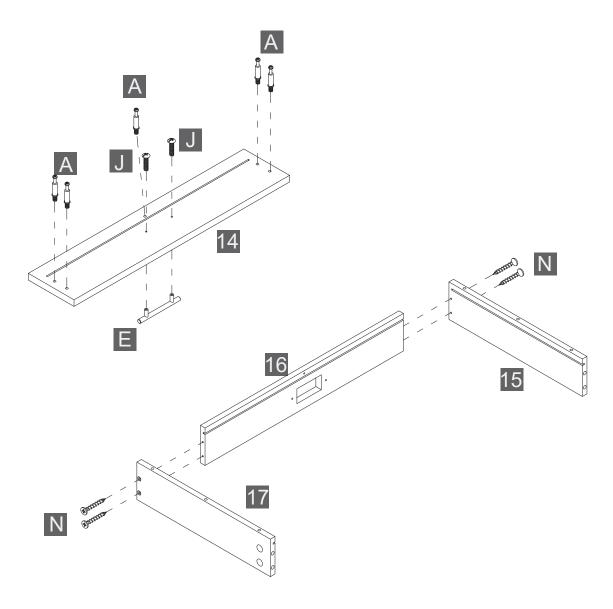

Insert five cam locks A into the drawer front 14.

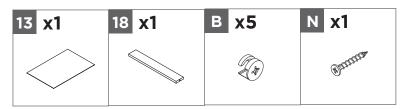

Insert two screws J through the drawer front 14 into the drawer handle E.

Insert four screws **N** through the drawer left **15** and drawer right **17** into the drawer back **16**.

Tighten all screws.

STEP 14

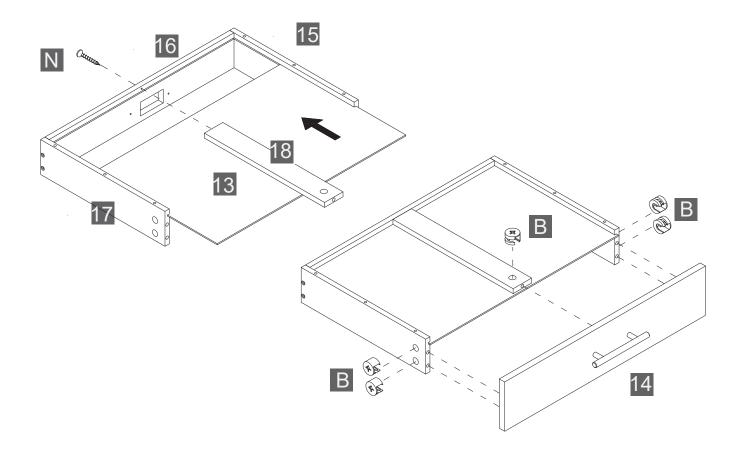

Insert one screw N through the drawer back 16 into the drawer bottom support 18. Tighten all screws.

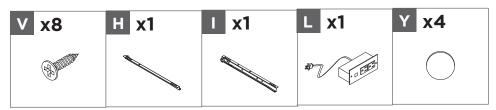

Insert the drawer bottom 13 into the groove around the bottom of the drawer left 15, drawer right 17 and drawer back 16.

Attach the drawer front 14 to the drawer left 15 and drawer right 17.

Insert five cam locks B into the left 15, drawer right 17 and drawer back support 18. Tighten screw and all cam locks.

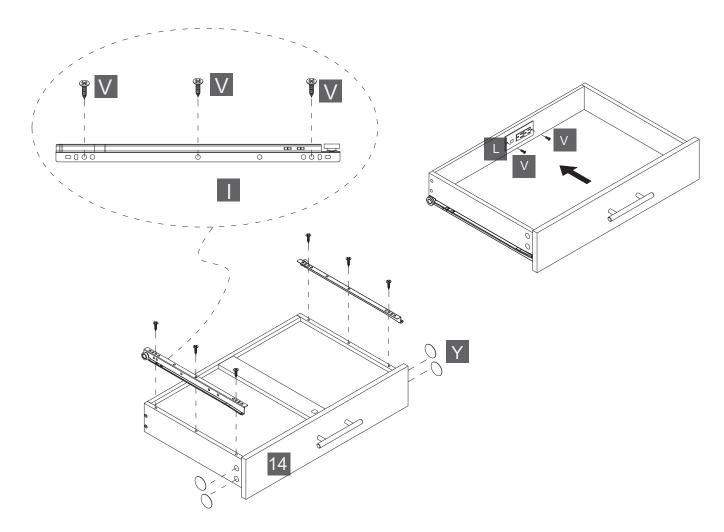

STEP 15

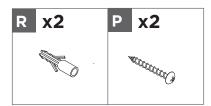

Insert three screws V through the right extension slide I into the drawer right 17. Insert three screws V through the left extension slide H into the drawer left 15. Plug the power station **L** into the hole of drawer back **16** from inside drawer. Insert two screws V through the power station L into the drawer back 16. Tighten all screws.

Place the coated paper stickers ${\bf Y}$ over the screw holes.

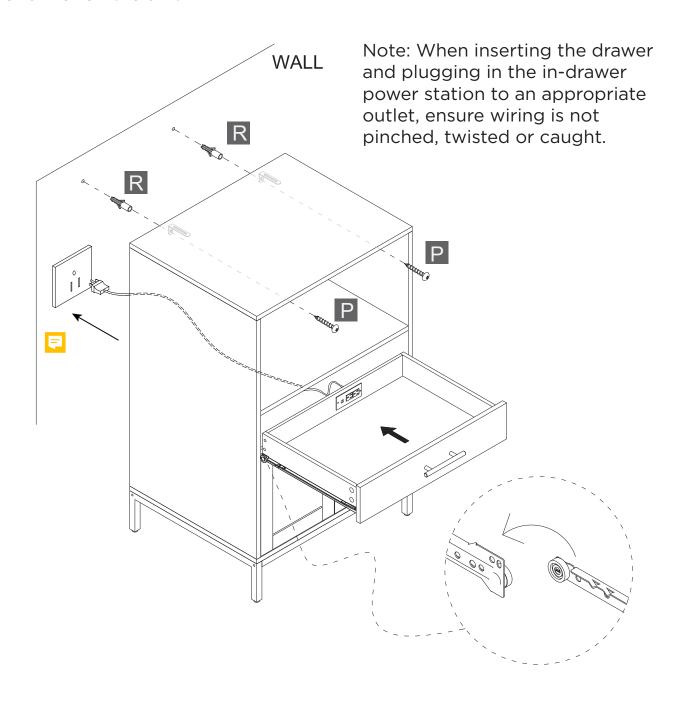

Note: Do not overtighten.

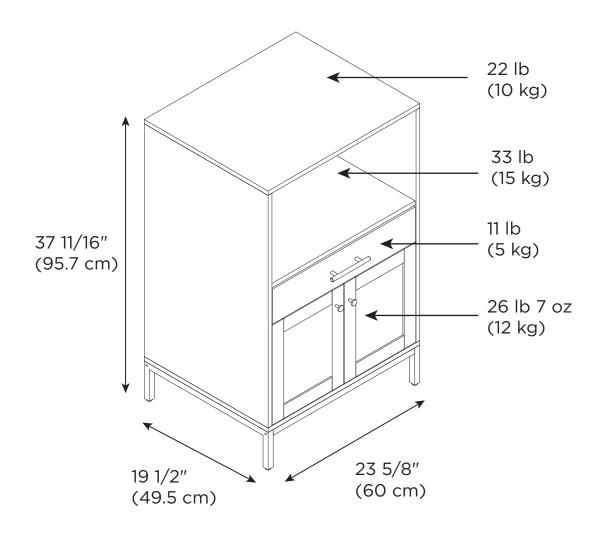

STEP 16

Using the anti-tip brackets **D** as a guide, mark two spots on the wall. Drill a hole at each mark and hammer two wall anchors **R** into the wall. Fasten the anti-tip brackets **D** to the wall by screwing two screws **P** into the wall anchors **R**. Insert the drawer into the unit by lining up the slide track on the drawer with the slide runner on the unit.
