## CAM LOCK SYSTEM OPERATION

## HOW THE KNOCK DOWN (KD) ASSEMBLY SYSTEM WORKS

3. Take a cross-head screwdriver and rotate the cam lock clockwise to lock the cam bolt in place.

## SPECIAL NOTE

Please read the instruction sheets completely before assembly. Examine all packaging material before discarding carton. Remove all parts from carton and separate into groups as indicated on parts list. Please ensure all parts are included prior to assembly. Use of power tools to complete assembly is not recommended.
