

GRABBER™ ARCTIC LT

WINTER STUDDABLE, DIRECTIONAL

KEEP MOTHER NATURE AT BAY WITH THE GRABBER™ ARCTIC LT. THIS INNOVATIVE LIGHT TRUCK, STUDDABLE, WINTER TIRE PROVIDES OUTSTANDING LOW TEMPERATURE TRACTION IN SNOW, ICE AND WET CONDITIONS.

Light Truck Tread Compound: A strong, cut and chip resistant compound that maintains cold weather flexibility and provides excellent winter traction with long, even treadwear.

DURAGEN™ Technology: Robust design and materials provide confident stability under all approved load conditions with responsive handling and even tread wear.

Interlocking Light Truck Winter Sipes: Interlocking straight sipes provide exceptional grip in snow and icy conditions with strong wet/dry braking and stable handling.

Snow Traction Ridges: Raised ridges in the grooves provide additional grip during cornering, accelerating and braking in deep snow.

45
DAY TRIAL
OR THE FIRST 2/32^{nds} OF TREAD

See warranty manual for complete details.

Meets the severe snow service requirements of the U.S. Tire Manufacturers Association (USTMA) and the Tire and Rubber Association of Canada (TRAC).
