Fatal X crossbow

Posted by Mary Martinez on Sep 25th 2023

It's an awesome crossbow. Easy to adjust and cite in however, on shooting it the first time the fletching came off the bolt so now I'm down to two bolts. I am trying to get the third bolt replaced

Wow this is an awesome crossbow. I love the pistol grip .adjustable stock, it's a beast when shooting. Pulling back took me only two tries. But once I figured it out. Bingo Itbworked great. I would recommend this crossbowm it's really built well and being the fact that the limbs are compact really helps when stabilizing to shoot it.
