

Wave Mini

Smart Indoor Air Quality Monitor

DOWNLOADS

Airthings Wave Mini is small in size but big in impact. When a room's environment becomes less than optimal, Wave Mini will provide insights into air quality levels in your air. When you understand the air quality levels in every room of your home, you can make simple changes to your everyday habits to optimize your overall air quality. Additionally, track the differences in humidity and temperature from room to room for optimal comfort. The Wave Mini is the perfect, cost-effective first step into understanding your indoor air quality, or a great addition to your existing Airthings air quality system.

AIRTHINGS HOME SYSTEM

Airthings Wave Mini is part of the Wave series family and the Airthings home system. A connection can be established through Bluetooth to your smartphone or using Airthings SmartLink with the Airthings Hub. Mini can stand alone or can be used as a complement to multiple products in the Wave series for the complete air quality picture.

THREE SENSORS

The VOC sensor monitors chemicals and odors in your air that can cause negative health effects, while additional sensors measure temperature and humidity.

FUNCTIONS

Sensors: TVOC, Temperature and Humidity
Visual feedback: Red/Yellow/Green glow indicator
Long battery life:
 Bluetooth: > 2 years*
 SmartLink: > 3 years*
Supports wall mounting or table stand
Free mobile app for iOS and Android
Free online dashboard
Mobile and web notifications
Wireless connection (Bluetooth or Airthings SmartLink)

CHECK YOUR AIR QUALITY INSTANTLY

View current and historical levels in the free mobile app and online dashboard, or simply wave in front of the device to get visual feedback. These color codes are easy to understand, making it a device for all ages.

Green: Air quality is good, breathe easy.

Yellow: Air quality is degrading.

Red: Air quality is not good, take action.

EASY INSTALLATION

Simply place it on a flat surface using the stand or attach to the wall using a single screw, download the app, pull the battery tab, and follow instructions in the app.

SPECIFICATIONS

Sensor sampling interval: 5 minutes
Sensor Resolution / Accuracy:
 Temperature: 0.1 / ± 1 °C/F
 Humidity: 1 / ± 3 %
Settling time:
 TVOC ~7 days
Operational Environment: 4°C to 40°C, 39°F to 104°F
Power: 3 x AA alkaline batteries
Wireless: Bluetooth & SmartLink
*33% increase in battery life with Duracell Ultra Power and 66% with Duracell Ultra Lithium

ADDITIONAL INFORMATION

PACKAGE CONTENT

Air Quality Detector
3 x AA batteries
Instruction Manual
Table stand

PACKAGE

Weight: 180g, 6.3oz
Dimensions:
105x105x45mm,
4.1x4.1x1.8in

DEVICE

Weight: 135g, 4.8oz
Dimensions: < 80x26mm,
3.14x1in

REQUIREMENTS

One of the 3 latest major versions of iOS or Android supporting Bluetooth 4.2 or later, or Hub with Airthings SmartLink
